02SERVICES

A TIMING & SCORING SYSTEM

Labsco delivers precise performance measurement and consistent scoring for every sporting event capturing every moment that defines victory

Finish Camera Technology Products

Picture this. Accuracy in tight sports is key, where timing is very precise down to hundredths or thousandths of a second. With Alge Timing's Camera Photo Finish Technology, Labsco is here to provide confidence in the results of every speed race, anytime, anywhere!

RFID Technology Products

The Future of Sport is Yours to Claim.

With Labsco, RFID system is rewriting the rules of sport and you can be at the forefront. Labsco bringing RFID into your world. you're not just upgrading your tech you're redefining what's possible

Aquatic Technology Products

Elevate Every Event. From the moment the race starts to the final touch, With Labsco, Reliable system ensures seamless operation. Integrated with advanced timing consoles and backup systems, it guarantees reliability even in the most high-pressure situations. Plus, with instant display on scoreboards, your spectators will be on the edge of their seats, watching history unfold in real time.

Multi Sport Products

Precision You Can Trust. Say goodbye to disputed results and timing errors. Labsco ensures every score and every millisecond is recorded accurately, giving your athletes the fair competition they deserve and your officials the confidence to make the right calls.

02SERVICES

B ARENA FACILITIES

Facilities for stadiums and arenas, including seating, scoreboards, and flooring for all environments.

Stadium Seat Products

Ergonomic and durable seating designed for maximum comfort and safety in sports venues. Our stadium seats feature weather-resistant materials and comply with international safety standards.

LED Score boards indoor and outdoor Products

High-brightness LED scoreboards designed for optimal visibility in any environment. Our displays deliver crystal-clear information whether in bright sunlight or indoor arenas.

Arena Indoor and Outdoor Flooring Products

Specialized flooring solutions engineered for different sports and environments. Our flooring systems provide optimal performance, safety, and durability for both indoor and outdoor applications.

Finish Camera Technology Products

providing advanced video replay and review solutions to support referees and officials with accurate, real-time decision-making during sports competitions.

02SERVICES

C GAME MANAGEMENT SYSTEM

Labsco's Game Management System streamlines the entire competition workflow from scheduling and heat setup to score validation and ranking. Built for flexibility and precision, it ensures smooth coordination across all event operations.

○ Meet Management

Comprehensive tools for managing sports meets including scheduling, heat setup, and event coordination.

○ Game Result

Accurate competition results processing and validation system providing real-time result generation.

○ On Venue Result (OVR)

Real-time results displayed on venue screens and displays for immediate audience engagement.

○ Web Result

Live results accessible via web portal for remote viewing and real-time competition tracking.

○ Commentator Information System (CIS)

Comprehensive information system providing real-time match and competition data for commentators.

○ TV Graphics

Graphics with real-time data from field of play into live signal. Video Streaming solutions also available.

D ARENA EQUIPMENT

Professional sports equipment and facilities designed to meet international competition standards. Our comprehensive range covers all major sporting disciplines.

Track and Fields

Complete track and field equipment including hurdles, starting blocks, throwing implements, and field event equipment meeting international athletics standards.

Aquatic

Swimming pool equipment and aquatic sports facilities including lane ropes, starting blocks, diving platforms, and pool timing systems for competitive swimming.

Various Sport Equipment

Comprehensive equipment for multiple sports including team sports, gymnastics, martial arts, and recreational activities. We provide everything needed for multi-sport facilities.

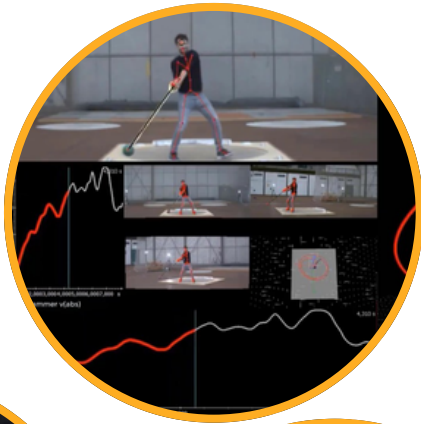

02SERVICES

E SPORT SCIENCE

Advanced sports science solutions providing comprehensive athlete performance analysis, biomechanical assessments, and cutting-edge laboratory services for optimal athletic development.

○ Pace Labs

State-of-the-art performance analysis laboratory equipped with advanced testing equipment to measure and optimize athlete performance across various sports disciplines.

○ SIMI Motion Analysis

SIMI motion analysis systems for detailed biomechanical assessment and movement analysis. Perfect for technique improvement and injury prevention in athletes.

○ Fit Light Training

Comprehensive fitness laboratory solutions providing detailed physiological testing, body composition analysis, and personalized training recommendations for athletes.

○ Swimming Performance Analysis

Specialized swimming performance testing and analysis systems designed to optimize swimmer technique, speed, and endurance through comprehensive aquatic assessment.

○ Track & Field Performance Testing

Professional track and field performance analysis systems providing detailed metrics on speed, power, and technique for athletics disciplines.

03 PARTNERSHIP

TRUSTED BY INDUSTRY LEADERS

We are proud to collaborate with industry-leading partners who share our commitment to excellence in sports technology. Together, we deliver innovative timing systems, precision equipment, and cutting-edge solutions that elevate athletic performance and ensure every moment of competition is captured with unmatched accuracy.

04 HISTORY

From Track Beginnings to Timing Excellence

04 HISTORY

2019 | Official Timekeeping Debut

LABSCO began its professional journey as an official timekeeper, delivering internationally certified accuracy for athletics events.

» SEA Games 2019 - Philippines

LABSCO served as the Official Timekeeper for Athletics at the SEA Games 2019 in the Philippines, using a world-class timing system recognized by World Athletics.

2020 | Expansion of National Projects

LABSCO expanded its operations by supporting major national sporting facilities with precision timing and scoring technologies.

» PPOP Ragunan 2020

LABSCO supplied a professional timing and scoring system for athletics at PPOP Ragunan, utilizing internationally standardized technology for accurate, real-time, and integrated results.

2021 | Technological Advancement in National Games

LABSCO played a major role in the PON and Peparnas Papua 2021, introducing advanced timing and display systems for various sports.

» PON & Peparnas Papua 2021

LABSCO acted as the Official Timekeeper for Athletics during the PON and Peparnas Papua 2021, providing automatic timing systems that meet both national and international standards.

04 HISTORY

» LED Videotron – Papua Aquatic Arena

LABSCO designed and installed an LED Videotron at the Papua Aquatic Arena, displaying live results and broadcasts with superior visual quality and integrated systems

» GMS for Peparnas 2021

LABSCO supported the 16th Peparnas Papua by providing and maintaining the Game Management System (GMS) used to manage competition data, results, and accreditation processes.

2022 | Regional and Paralympic Integration

LABSCO continued to empower regional and para-sport events with integrated timing and management solutions.

» ASEAN Para Games 2022 – Solo

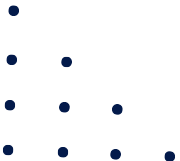

LABSCO supported the ASEAN Para Games 2022 in Solo by providing the Game Management System (GMS) for scheduling, results, and participant data management in real-time.

» NPC Indonesia Timing System

LABSCO supplied timing system equipment for the National Paralympic Committee Indonesia (NPCI), ensuring reliable and accurate timekeeping for various Paralympic events.

» SAC Indonesia 2022

LABSCO supported the Student Athletics Championships (SAC) 2022, initiated by PT DBL Indonesia and PB PASI, by providing an international-standard timing system for accurate and real-time results.

04 HISTORY

2023 | International Championship Excellence

LABSCO strengthened its leadership through multiple international-level events and advanced timing innovations.

» DBON Training Equipment – UNNES

LABSCO supplied training equipment for the National Sports Development (DBON) program at Universitas Negeri Semarang, covering archery, weightlifting, athletics, sport science, and climbing.

» National Athletics Championship 2023 – Solo

LABSCO provided technical support for the automatic timing system across all events during the 2023 National Athletics Championship in Solo, ensuring professionalism and precision.

» Asian Masters Athletics 2023 – Philippines

LABSCO participated in the Asian Masters Athletics 2023 as the provider of athletics timing systems, ensuring accurate and internationally standardized competition results.

» SAC Indonesia 2023

LABSCO continued its support for SAC Indonesia 2023 by providing high-precision timing systems to ensure fair and measurable competition outcomes.

» Scoreboard & Videotron – Indonesia Arena

LABSCO installed cube videotrons and LED perimeter displays at Indonesia Arena, delivering high-quality visuals to enhance audience experience and event atmosphere.

04 HISTORY

2024 | Large-Scale Multi-Sport Engagements

LABSCO delivered advanced timing, scoring, and equipment systems for both national and international sports competitions.

» Asian Age Group Championships 2024 – Philippines

LABSCO provided timing and scoring systems for the 2024 Asian Age Group Championships in Tarlac, Philippines, covering swimming, diving, artistic swimming, and water polo.

» SAC Indonesia 2024

Continuing its strong commitment to athletics, LABSCO supported SAC Indonesia 2024 with advanced timing technology to record every athlete's performance precisely.

» Jakarta Age Group Swimming Championships

LABSCO provided Alge Timing systems for events such as the Jakarta Age Group Championships, Millennium Sprint Challenge Cup, and National O2SN, ensuring accurate and real-time results.

» National Athletics Championship – PPLP 2024, Bangka Belitung

LABSCO supported the 2024 National PPLP Athletics Championship in Bangka Belitung with professional timing systems to ensure accuracy and competition smoothness.

» PON 2024 – Aquatic Sports Equipment Supply

LABSCO supplied aquatic competition equipment for PON 2024, including diving boards, underwater speakers, scoring systems, and various aquatic sport tools.

» Finswimming – PON 2024 Aceh

LABSCO provided advanced timing systems for finswimming competitions during PON 2024 Aceh, ensuring professional and efficient race management.

04 HISTORY

» KONI East Java Swimming Timing System

LABSCO supplied precision swimming timing equipment for KONI East Java 2024, enhancing professional training and competition performance.

» KONI East Java Digital Scoreboard

LABSCO modernized KONI East Java's facilities by providing interactive digital scoreboards that display scores and competition data with accuracy and clarity.

» PB PASI Training Equipment

LABSCO supplied PB PASI with athletics training equipment, including ALGE start reaction sensors and 100m pacing lights, to improve speed and performance consistency.

2025 | Expanding Reach & Strengthening Excellence

LABSCO continues to expand its reach across Asia and innovate with next-generation sports technology solutions.

» FIBA Asia Cup 2025

LABSCO provided comprehensive game management and scoring systems for the FIBA Asia Cup 2025, ensuring world-class basketball competition standards.

» DBL Indonesia Arena Finals

LABSCO supported the DBL Indonesia Arena Finals 2025 with advanced scoring displays and real-time statistics management for the ultimate basketball showdown.

» Jakarta Intercultural School 2025

LABSCO installed state-of-the-art timing and display systems at Jakarta Intercultural School, setting new standards for multi-purpose sports venues.

04 HISTORY

» Kejurda Banten Atletik

LABSCO provided precision Atletik timing systems for the Kejurda Banten Atletik 2025, ensuring accurate competition results.

» Open Water Swimming Championship

LABSCO pioneered open water timing technology for the 2025 Open Water Swimming Championship, bringing precision timing to natural water competitions.

» PB PASI Training Equipment

LABSCO supplied PB PASI with athletics training equipment, including ALGE start reaction sensors and 100m pacing lights, to improve speed and performance consistency.

» SEA U18 & U20 Athletics Championships 2025

Precision in every second, confidence in every result. As an Official Timekeeper, Labsco delivers reliable sports timing solutions, ensuring every performance is measured accurately and every result is recorded with precision.

» LED Display Installation at Bekasi City Sports Hall

Labsco delivered a professional LED display solution at Bekasi City Sports Hall as part of the venue's ongoing modernization and facility enhancement program.

» Bekasi City Sports Hall – International-Standard Installation

Labsco delivered the installation of international-standard badminton court flooring and competition equipment at Bekasi City Sports Hall as part of a modern sports facility enhancement initiative.

» Indoor Volleyball Court Installation at Bekasi City Sports Hall

Labsco delivered an international-standard indoor volleyball flooring system and competition equipment at Bekasi City Sports Hall—executed with precision, engineered for performance, and built to meet the demands of professional competition.

04 HISTORY

2026 | Large-Scale Multi-Sport Engagements

Expanding our reach, strengthening our excellence, and creating greater impact across the sports industry.

» GBK Aquatic Pool Maintenance

Maintaining excellence, preserving performance. In 2026, Labsco provides professional swimming pool maintenance services for aquatic stadium facilities, ensuring optimal water quality, system performance, cleanliness, and readiness for every sporting event.

» Athletics Weber Classic Championships at Jakarta Intercultural School

LABSCO served as Meet Manager and Scoreboard Operator at the Weber Classic hosted by Jakarta Intercultural School, ensuring smooth race operations, accurate results, and seamless live displays throughout the competition.

» BOM Run 2026

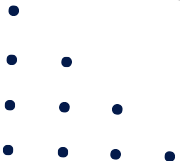

Labsco proudly served as the Official Timekeeper of BOM RUN 2026 in Padang, delivering accurate and reliable race timing for 4,000 participants. From start to finish, our technology and professional team ensured every performance was recorded with precision.

» O2SN National Swimming

Precision timing for every race, ensuring accurate results and fair competition for Indonesia's young swimming athletes.

» Tour de Bintan 2026

Labsco proudly served as the Official Timekeeper with Photo Finish System at Tour de Bintan 2026, supporting 800 participants from 42 countries with high-precision timing technology to capture every finish accurately and reliably.

05 CLIENT

EMPOWERING CHAMPIONS ACROSS INDONESIA

From national sports federations to world-class venues, we partner with Indonesia's most prestigious organizations to deliver excellence in every competition, ensuring precision, reliability, and innovation at the highest level.

MAKE IT HAPPEN WITH LABSCO

Ready to elevate your sports facility?

Let's discuss how we can bring precision timing and world-class equipment to your arena.
